### **DETAILED ACTION**

Applicants' response, which included amendment to all pending claims, filed on 1/6/2003, is made of record.

Claims 1-2, 4, 6-7, 12-13, 51, 55-58, 98, 102, 119-132 are pending.

### ***Drawings***

Drawings filed on 03/24/2000 was not approved by Draftsperson. See attached PTO-948. In addition, specification does not have a proper brief description of the Drawing.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Following reasons apply. Any claim not specifically rejected is rejected as being dependent on a rejected claim.

1. The definition of A-B ring is indefinite as it recites in one hand "wherein any heteroatom in ring A or B is N" which conflicts with alternate statement that B is carbocyclic.
2. Also claim 1, recitation of the group "sulfonyl" is indefinite as it is divalent group and what else is appended to meet the valence is not clearly stated.
3. Reason # 2 also applies to claim 119.

4. The difference between the fourth of choice of Z and second choice of Z is not clear. The fourth choice appears to be a narrower version of second choice.
5. Claim 98 is indefinite as it has a number of species with "bacteria" in it. See last two species.

This action is not made FINAL.
